

FIU-CENTER FOR TRANSLATIONAL SCIENCE HIGH SCHOOL SUMMER INTERNSHIP

June 9, 2025 through July 10, 2025

The Center for Translational Science will welcome a group of highly motivated Junior and Senior High School Students to experience 5 weeks of biomedical science research guided by expert scientists in different fields.

WHY SHOULD I APPLY?

- Unlock the secrets of how science leads to groundbreaking discoveries and new knowledge.
- Work side-by-side with top scientists in cutting-edge labs and get real-world experience.
- Show everything you've learned and accomplished during the Closing Ceremony.
- Create a professional scientific poster and stand out in future competitions.
- Compete in the poster competition to win a prize certificate.
- Earn over 100 volunteer hours by completing the 5-week program.
- Obtain referral letters for your college and university applications.
